

Instruction

Quality and excellence is the University's priority aim. The Cagayan State University at Lal-lo pursues to the achievement of Quality instruction and excellent academic performance through the continuous improvement on the delivery of services and advancement of learning.

The five colleges in the campus constantly upgrade facilities and technology in order to produce graduates who are competitive in the ASEAN labor market. The remarkable achievement of the campus in licensure exams surpassing the national passing rate shows that its role in the formation of professionals is always attained.

As CSU Lal-lo continues to strive for excellence, it also endeavours to build strong partnership with international academic communities.

Accreditation

As accreditation becomes a way of life of SUCs, the seven programs in the campus were visited and assessed by the Accrediting Agency of Chartered Colleges and Universities in the Philippines, Inc. on October 25-27, 2016. On November of the same year, all seven programs were granted Level 1 accreditation.

by the
Accrediting Agency of Chartered Colleges and Universities in the Philippines (AACUP), Inc.

Research & Development, Extension & Training

CSU's research and extension mission and vision is to be a competitive center of RD&E excellence significantly contributing to the improved quality of life of rural community in the Cagayan Valley region. CSU's research and extension activities are linked to the country's vision to strengthen agricultural and education base to grow confidently into industry and services.

The University RDET as well as the Campus level research and extension goal is outcome-based, i.e., activities must be responsive to the needs of the time. CSU is committed to intensively pursue development, sharing and utilization of science-based knowledge and innovations as its contribution to the development of the countryside.

As always, the campus has relentlessly pursued the achievement of the ultimate goal of poverty reduction and empowerment of the marginalized sectors of society. It had always been instrumental in sharing knowledge and information to the clients and stakeholders who are incapable of accessing technologies and practices that can be adopted in their farming activities and other livelihood venture. Trainings, seminars and other capacity-building events are held.

Cagayan State University

Lal-lo Campus

Brief History

The Cagayan State University Lal-lo Campus was originally the Cagayan Valley National Agricultural School, which was created in 1955 by RA 1038 and Presidential Proclamation 239. It provided a secondary agriculture curriculum to both boys and girls.

It was elevated into a college, the Cagayan Valley Agricultural College, under the defunct Bureau of Vocational Education on June 16, 1962 under RA 3474 through the sponsorship of former Congressman Tito M. Dupaya. It offered a two-year Technical Agriculture (Agricultural Technician) course, Bachelor of Science in Agriculture (BSA), and Bachelor of Science in Agricultural Education (BSAE). In 1967, it sent out its first crop of graduates. In 1976, Bachelor of Science in Home Technology and Bachelor of Science in Agricultural Engineering were added to the list of course offerings.

In 1978, the college department of the Cagayan Valley Agricultural College was integrated in the Cagayan State University by virtue of Presidential Decree 1436. Its first Campus Administrator was Mr. Francisco S. Zamora, who was then the Superintendent of CVAC. Through a presidential approval in March 17, 1985, the secondary department of CVAC, then administered by Mr. Ernesto M. Esteban, was absorbed into the CSU system.

In 1993, CSU at Lal-lo was a recipient of the Philippine-Australia Agriculture Technology Education (Agritech) project under the auspices of the Australian government through the Australian Assistance for International Development (AusAID). In SY1995-1996 was the start of the offering of the ladderized agriculture program i.e Diploma in Agriculture Technology- Bachelor of Agricultural Technology (DAT-BAT), making the temporary closure of the BSA program to admit first year BSA. Four years after, the Bachelor of Science in Agriculture was reopened.

Since then, CSU Lal-lo has offered new programs which include Bachelor in Elementary Education, Bachelor in Secondary Education, Bachelor of Science in Agriculture, Diploma of Agricultural Technology, Bachelor of Agricultural Technology, Bachelor of Arts in Political Science, Bachelor of Science in Information Technology and Bachelor of Science in Hospitality Industry Management.

University Vision

"Transforming lives by educating for the best."
