ADMINISTRATION & FINANCE

Despite the continuous effort required to operate under conditions of limited cash availability and delayed releases of special budgets and allotments, Cagayan State University demonstrated fiscal discipline, resilience, and commitment to its mandate during Fiscal Year 2025.

Under the General Fund, the University effectively managed a total allotment of ₱1.405 billion, achieving a 97.70% obligation rate as of December 15, 2025. These funds were strategically directed toward instruction, research, extension, and administrative services across all campuses, ensuring the uninterrupted delivery of academic programs and essential services. Disbursements reached ₱1.248 billion, or 90.86% of total obligations, reflecting timely settlement of financial commitments despite constraints in cash support, particularly those related to the Free Higher Education (FHE) Subsidy awaiting

release from the Department of Budget and Management. By year-end, obligations and disbursements are projected to further improve, underscoring strong year-end budget execution.

Similarly, the University's Internally Generated Income (IGI), reflected a pushing forward and improving financial performance as the fiscal year drew to a close. With an approved budget of ₱461.01 million, the University successfully obligated 91.82% and disbursed 92.13% of obligations, highlighting prudent fund management and sustained operational momentum. High utilization under Maintenance and Other Operating Expenses ensured continued campus operations, while Capital Outlay obligations demonstrated steady progress in infrastructure and equipment development, notwithstanding ongoing projects and delayed cash availability.

FINANCIAL STATUS OF GENERAL FUND FY 2025 (FUND 01) AS OF DECEMBER 15, 2025

45,000 TREES PROJECT

As part of its sustainability efforts, CSU implemented the 45,000 Trees Project, which began in February 2024. As of the reporting period, 40,901 trees have been planted university-wide with a 81% survival rate, equating to approximately 33,185 surviving trees.

UNIVERSITY-WIDE

February 2024 to Present

INFRASTRUCTURE PROJECTS

THE RED EAGLE'S NOOK

Cagayan State University Carig Campus officially launched The Red Eagle's Nook, on December 09, a coffee shop designed to provide a cozy environment for students, faculty, staff, and visitors, while promoting local coffee blends and pastries.

This initiative is chaired by Dr. Arthur G. Ibañez, OIC-University President, and Engr. Roger P. Rumpon, Carig Campus Executive Officer, with Ms. Arlen Calimag, Director for IPRM, serving as Project Leader, and Ms. Gladys Abaleta, Business Office Coordinator, as Project Staff.

To mark the official opening of the new establishment, Fr. Andres Gumangan presided over the blessing ceremony, sharing his prayers for the success of the shop, with hopes that it will become a space for creativity, collaboration, and meaningful conversations.

The coffee shop is located beside the Agila Convenience Store, and is now open to serve!

PROVIDING IMPROVED FACILITIES AND EFFICIENT SERVICES: CSU ANDREWS CAMPUS UNVEILS NEWLY RENOVATED AND MORE CONDUCIVE OFFICES

Cagayan State University-Andrews Campus, together with the University's Office of Student Development and Welfare (OSDW), formally unveiled newly renovated office facilities on December 16, 2025.

Officer-in-Charge President Dr. Arthur G. Ibañez made an initial visit to the OSDW, where he was welcomed by OSDW Director Dr. Loraine S. Tattao. The refurbished office now offers a more welcoming ambiance and a comfortable space conducive to student services and related support functions.

Meanwhile, Campus Executive Officer Atty. Carla Marie L. Sumigad led the ribbon-cutting ceremony, which was followed by a blessing officiated by Rev. Fr. Ma. Severino Bariuan. The blessing covered the newly renovated offices of General Services, Infrastructure, Supply, Bids and Awards Committee (BAC), Budget, Accounting, Cashier, and Registrar.

Funded through internally generated income (IGI), the upgraded OSDW and campus administrative offices are collective outcomes of University's continued commitment to improving its facilities and enhancing service delivery.

RESEARCH & DEVELOPMENT

This year's R&D Accomplishment Report highlights significant progress across all CSU campuses, with 42 completed researches and 31 published articles in Scopus- and Web of Science-indexed journals. Research productivity remained strong, with Carig, Andrews, and Aparri campuses contributing the highest number of outputs. Additionally, the university secured ₱47.5 million in total generated funds, with Carig Campus earning the largest share through major externally funded projects, including initiatives supported by DOST, DA, DENR, DILG, NCCA, and other agencies.

Major milestones include the approval of 96 newly funded research projects, spanning

diverse areas such as electromobility, environmental conservation, public administration, agriculture, social sciences, and community development. External funding supported critical projects like the All-Electric Tourist Tram, foreshore area profiling, agro-eco tourism development, and innovative technologies for education, health, and industry. The university also delivered impactful research utilization through policy recommendations, community extension programs, and the development of data-driven systems and instructional materials. Overall, the report demonstrates strong institutional performance, expanding partnerships, and consistent delivery of high-quality research outputs across CSU.

CSU RECEIVES PRESIDENTIAL AWARD FOR OUTSTANDING DEVELOPMENT PARTNERSHIP IN INNOVATION AND TECHNOLOGY

The Cagayan State University (CSU) has officially received the 2025 Presidential Recognition for Outstanding Development Partners under the Accelerating Technology and Innovation Category, conferred by the Department of Trade and Industry (DTI) Philippines at Malacañang Palace.

The award honors institutions and organizations that have made exceptional contributions to empowering micro, small, and medium enterprises (MSMEs) across the country through innovation and sustainable development.

CSU was recognized for its pioneering program “Venturing on Electric Transportation” through its Electromobility Research and Development Center (CSU-EMRDC) at Carig Campus. The program promotes local innovation in electric mobility, aiming to transform the transport landscape through research-based and sustainable solutions.

Established in 2021 through the Department of Science and Technology’s (DOST) Science for Change Program – Niche Centers in the Regions for R&D (NICER), CSU-EMRDC is one of the country’s pioneering research and development centers focused on advancing electric transportation systems.

Funded by the DOST, the center continues to drive innovation through projects such as C-Trike: Converted Electric Tricycle, E-Trike: Design, Development, and Fabrication of Components, Conversion of Conventional Buses to Electric Public Utility Buses (ePUBs), eBuggy: Mini Four-

Wheeled Electric Vehicle, eTranvia: All-Electric 18-Seater Tourist Tram with Charging Station for Intramuros, Manila and Standardized Battery Packaging for Battery Swapping of Light Fleet Electric Vehicles.

EXTENSION

This Calendar Year (CY) 2025, Cagayan State University delivered extension programs that advanced the University's mission of fostering inclusive, technology-driven, and community-responsive development across and even beyond CSU's services areas. Across all campuses, CSU successfully implemented targeted training programs, livelihood interventions, advisory services, and technology demonstrations that empowered farmers, women, youth, educators, Indigenous Peoples, community-based organizations, Micro, Small, Medium, Enterprises, etc. With strengthened monitoring and evaluation mechanism, improved documentation, and enhanced compliance with PBB and SUC Levelling indicators, the office contributes to the University as it positioned itself strategically for higher institutional performance and broader regional impact.

CSU surpassed all PBB indicators and several SUC Levelling targets, registered 8,387 trained stakeholders, 115 training activities, 16 outreach programs, and five adopted/commercialized technologies. CSU Carig being the biggest campus, led in the accomplishments, trained 2,520 beneficiaries, followed by Sanchez Mira (976) and Andrews (845). Meanwhile, extension programs across campuses maintained a 100% satisfaction rating in terms of service satisfaction, supported by active partnerships with LGUs, NGAs, NGOs, SMEs, and people's organizations. While improvements are needed in student participation and budget utilization, faculty involvement (35.62%) exceeded targets for CY 2025, and multiple campuses received local, regional, and international recognition for outstanding extension initiatives.

CSU-GONZAGA CHAMPIONS COMMUNITY-BASED TVET INNOVATION WITH BEST PAPER AWARD

CSU-Gonzaga takes pride in the outstanding achievement of Dr. Froilan A. Pacris, Jr. and Ms. Myrally L. Marcos, whose joint research earned the Best Paper Award in the Transforming TVET Curricula category at the 2025 International TVET Conference held at CSU Andrews. Their study on empowering agripreneurs highlights the campus's strong advocacy for lifelong learning and community-driven extension, showcasing how TVET programs can create meaningful, sustainable impact beyond the classroom.

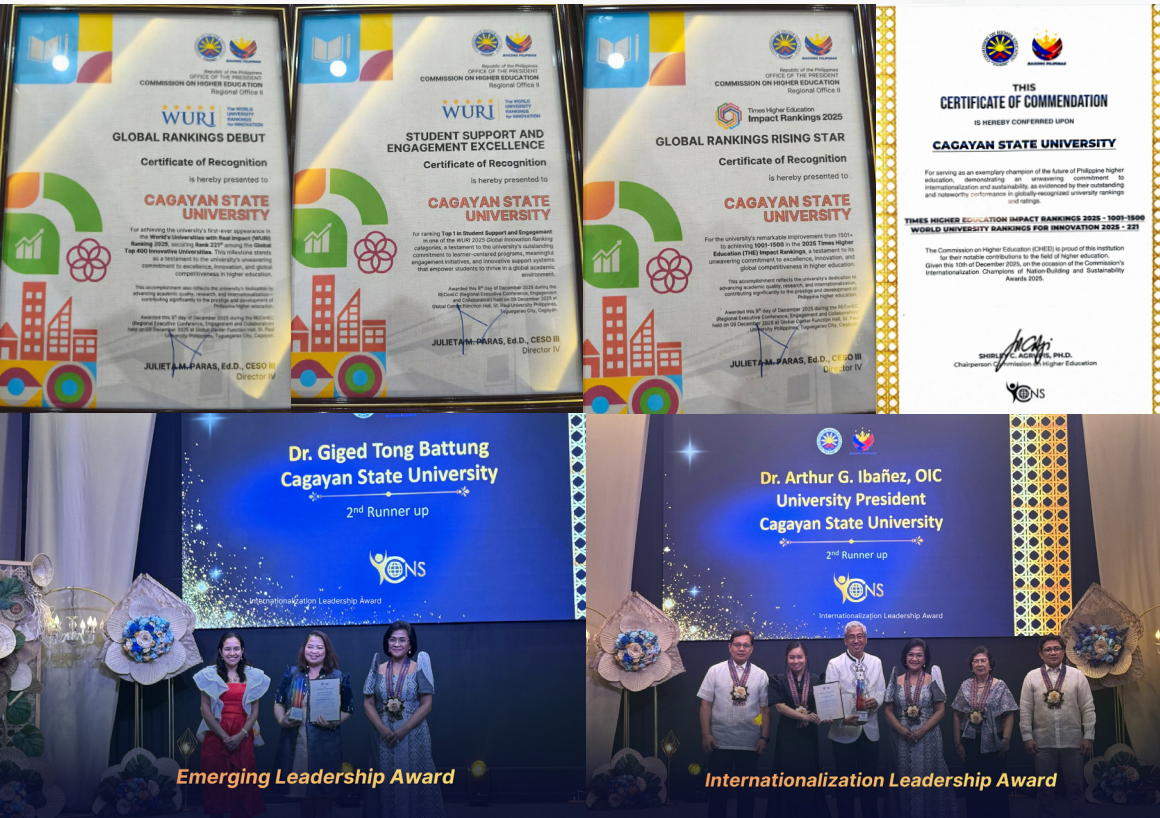

INTERNATIONALIZATION

In 2025, Cagayan State University pursued a comprehensive Partnership and Resource Mobilization agenda guided by clearly defined performance indicators covering partnership expansion, internationalization, external funding, income generation and productive land

utilization. Despite varying campus conditions and operational constraints, overall university performance exceeded strategic targets, reflecting strong central coordination and the sustained contribution of high-performing campuses.

CHED ICONS AWARD AND INTERNATIONALIZATION LEADERSHIP RECOGNITION

Cagayan State University (CSU) reaffirmed its standing as a globally competitive higher education institution after being honored at the CHED Internationalization Champions of Nation-Building and Sustainability (ICONS) Awards 2025, held at the Philippine International Convention Center. Representing the University, OIC President Dr. Arthur G. Ibañez received the institutional recognition, highlighting CSU's strong performance in global rankings, including its placement

in the Times Higher Education Impact Rankings 2025 and the World University Rankings for Innovation 2025. The recognition was further strengthened by individual awards received by Dr. Ibañez and Dr. Giged Battung, reflecting CSU's leadership and emerging excellence in internationalization. The awards reaffirm CSU's sustained commitment to innovation, global engagement, and its long-term pursuit of SUC Level IV status.

THE 2025 NEXUS SUMMIT

Futures Thinking in Action: Integrating Science, Culture, and Innovation for Sustainable Development

OPENING OF THE 2025 NEXUS SUMMIT

CSU formally opened the 2025 Nexus Summit at the CSU-Andrews Campus, bringing together international and local academic partners under the theme “Futures Thinking in Action: Integrating Science, Culture, and Innovation for Sustainable Development.” The three-day international gathering positioned CSU and the Cagayan Valley as an emerging hub for global academic collaboration, welcoming delegates from Asia and representatives from state universities across the country. University leaders emphasized that the summit is the product of years of international partnerships and a reflection of CSU’s commitment to bringing global discourse to local communities. Through keynote addresses, plenary sessions, breakout discussions, and campus immersions, the Nexus Summit underscored CSU’s role in advancing interdisciplinary collaboration, ASEAN cooperation, and sustainable development initiatives.

Nexus Summit

CSU HOSTS 2025 INTERNATIONAL TVET CONFERENCE

Cagayan State University formally opened the 2025 International Conference on Technical and Vocational Education and Training at the Claude Andrews Convention Center, gathering delegates from 14 countries and representatives from 44 institutions across the Philippines for two days of dialogue and collaboration. Anchored on the theme “Global Landscape: Aligning TVET and Industry for Sustainable Development,” the conference highlighted the growing role of skills-based education in addressing global workforce demands amid rapid technological change. University leaders emphasized the importance of international cooperation, inclusive partnerships, and industry-aligned curricula to strengthen the education-to-employment pathway, while keynote speakers underscored the continued relevance of skilled professionals in an era shaped by automation, artificial intelligence, and the green economy. Through plenary sessions, shared best practices, and cross-border engagement, the conference reinforced CSU’s commitment to innovation, lifelong learning, and the development of resilient communities through responsive and globally connected TVET programs.

DAYAW TI CSU 2025 HONORING DISTINGUISHED ALUMNI

CSU celebrated excellence beyond the classroom as it recognized outstanding alumni during Dayaw ti CSU 2025 at the CSU Andrews Claude Convention Center. Organized through the Federated Alumni Associations of CSU, Inc., the event honored alumni whose professional achievements, public service, and community contributions exemplify the University's mission of developing values-driven and service-oriented leaders. Awardees from CSU's various campuses were recognized as living testaments to the quality of education and formation provided by the University. Their achievements continue to inspire current students and reinforce CSU's enduring impact through its alumni network.

CSU-TELENTA GLOBAL PARTNERSHIP FOR RESOURCE MOBILIZATION

CSU further strengthened its institutional growth agenda through the signing of a Memorandum of Understanding with Telenta Global Holdings Corporation, aimed at expanding resource mobilization and community-based development initiatives. The partnership supports CSU's strategic direction of maximizing land assets and human resources to generate sustainable livelihood, training, and enterprise opportunities. Through campus visits and discussions with university leaders, Telenta Global expressed strong support for CSU's niche programs and multi-campus innovation model. The collaboration is expected to result in campus-specific initiatives that enhance instruction, research, extension, and production, translating institutional partnerships into tangible benefits for students, communities, and stakeholders.
