

SUPPORT TO STUDENTS AND EMPLOYEES WITH DISABILITIES

Cagayan State University has taken significant steps to ensure that its facilities cater to the needs of all students, staff, and visitors, including those with disabilities.

The university's commitment to inclusivity is the incorporation of ramps across the campus, which serve as tangible symbols of accessibility, facilitating smooth mobility for individuals with mobility challenges, including those using wheelchairs or other mobility aids. These also ensure that PWDs can navigate the campus with independence and dignity.

In addition, CSU has strategically designated a parking space to prioritize accessibility for individuals with disabilities and making it easier for PWDs to access academic facilities, administrative offices, and other essential areas on campus.

Through these tangible initiatives, the university continues to build a community where every individual, regardless of ability, can fully participate in the rich academic and social life that CSU has to offer.
